

Millennium Alternative Investment Network[®]

Expanding Beyond the Traditional

Our clients often view alternative assets as an important ingredient to constructing a well-diversified portfolio. In addition to improving account opening processes, the Millennium Alternative Investment Network[®] (MAIN[®]) provides a way for both clients and prospects to discover new online investment platforms where they can access and research an assortment of alternative investment options.

Benefits of MAIN

Technology is having a transformative effect on our daily lives and in nearly every industry. The alternative investment industry is no different. Investing in alternative assets has historically been a cumbersome, paper-centric process. MAIN was designed to change that.

- Improved user experience for account opening, funding, and investment transactions for investors with custody accounts at Millennium
- Exposure through Millennium's website as well as educational and public relations activities
- Opportunities to participate in educational forums for Millennium's clients and prospects

We've made the process for listing your platform on MAIN simple. After signing a listing agreement:

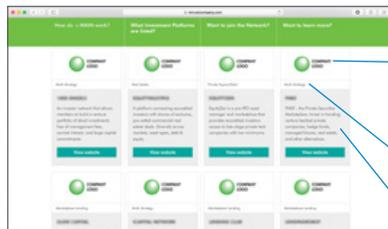

STEP 1: UPLOAD

- Web-ready company logo (72 dpi)

STEP 2: WE SEND YOU
