Empowering Small Businesses to Save for Retirement

It is expected that many Americans will not have enough savings to adequately fund their retirement, leading the country towards a potential crisis. Millennium Trust has developed **Workplace Savings Solutions** to provide small and mid-sized businesses and their employees' access to easy and affordable retirement plans.

Roll over your accounts before year end

With a month left in the year, now is the time to roll over your missing and non-responsive plan participants to save money and reduce fiduciary risks.

Behind the scenes and by your side.

We pride ourselves on exceptional client service. Meet Rich U., one of our Senior Client Service Specialists. We asked Rich how he goes Above and Beyond to serve our clients:

"Client service is not just a job. In order to go Above and Beyond for our clients, it has to be a passion. I pay attention to what they are saying, how they are feeling and what I can do to help them. That personal ownership and connection leaves a client feeling better than when they first called. That is Above and Beyond Service. That is Millennium Trust Company."

Our E-signature Process

Millennium's Automatic Rollover E-signature

process provides an inherent level of security. Whether you need to sign one Service Agreement or many, it is always a streamlined process.

Plan Sponsors and their referral sources, such as TPAs and advisors, can sign up as a recurring user by entering their firm name and information only once. The fully executed document goes to all parties including Millennium, the plan sponsor and the referring party.

The image shows two screenshots of the Millennium Trust Company website. The top screenshot displays a three-step process for e-signing: Step 1: Sign Service Agreement, Step 2: Provide Us Participant Information, and Step 3: Transfer Funds to Millennium. Below the steps, there is a button labeled 'Access E-sign Agreement'. The bottom screenshot shows the 'Automatic Rollover Services Form' with fields for 'Plan Name' and 'Submitted By' (with a dropdown menu showing 'TPA'). There is also a checkbox for 'Add Record Keeper'.
